We, the Nepali Americans and friends from Massachusetts and across U.S, are saddened about the loss of the lion of the U.S. Senate, Senator Edward Kennedy. Senator Kennedy was a great friend of immigrants and those who needed help. In his unending quest to provide many services, the great American, influenced many lives and touched their hearts. As chairman of Health, Education, Labor and Pensions Committee (HELP) he brought on about many domestic achievements. He was responsible for increasing the minimum wage, expanding civil rights, and for promoting health care and many more.

We, ANA and GBNC, mourn his passing and send our heartfelt condolences to the grief stricken family, friends, and well wishers. He is gone but his work abides.

" For all those whose cares have been our concern, the work goes on, the cause endures, the hope still lives and the dream shall never die."- Senator Edward Kennedy 1932-2009. May his soul rest in peace.
